# Profile

Established in the year **1988**, we, "**Doshi Chemicals**", are engaged in processing and supplying a wide range of **Industrial Chemicals**. We make sure that all the chemicals offered by us are formulated as per defined industry standards using superior quality solvents. Our range is highly sought after among various pharmaceutical, beverage, chemical processing and allied industries. These are acclaimed for their purity, accurate formulation, skin-friendliness, precise pH value and longer shelf life.

We have been supported by an advanced infrastructure & dedicated workforce in our endeavour to offer high quality formulation. Our organization regularly upgrades the infrastructure and facilities so as to be in line with the latest technological advancements & market trends. Moreover, our quality controllers test the range of chemicals at our in-house testing unit for assuring that it is in compliance with the international standards and norms. The packaging experts make use of superior grade of non-reactive black bottles, twist-tied plastic bags and tin containers to pack the range. Furthermore, our logistic personnel make sure the delivery of consignments at the clients' doorsteps within the scheduled time. In order to further increase the level of customer satisfaction, we accept payments in convenient mode of **Cash, Cheque** and **DD**.

We have achieved tremendous success and growth in the competitive domain, under the valuable guidance of our mentor, '**Mr. Prakash Doshi**'. Owing to his in-depth domain knowledge, apt managerial skills and sharp business acumen, we have garnered a reputed market position.

# Product Portfolio

We are a leading **Contract Manufacturer and Supplier** of optimum quality **Industrial Chemicals** that are formulated using supreme quality raw material. We ensure that these formulated chemicals are in accordance with the set national as well as international quality standards. Our offered product are known for their purity, composition and effectiveness. The customers can avail these chemicals from us at market leading prices.

# Our Clientele

**“We have more than 300 Clients associated with us.”**

# Our Team

A team of highly qualified and passionate professionals help us to achieve a reputed position in the domain. These professionals are recruited after a tough competition after accessing them on many aspects like qualification, expertise, experience and knowledge.

## **Our team comprises the following members:**

- Procurement Agents
- Quality Controllers
- Warehousing & packaging experts
- Administrative staff
- Sales & Marketing Staff

Below is the list of products that we can supply to your company, also we can supply **specialty chemicals** or **rare chemicals**:

## List Of Products

<u>Solvents</u>	<u>Other Products</u>		
<u>Acetone</u>	<u>Calcium Chloride Fused</u>	<u>Potassium Dichromate</u>	<u>Refined Sugar</u>
<u>Methyl Isobutyl Ketone (MIBK)</u>	<u>Calcium Stearate</u>	<u>Potassium Per Sulphate</u>	<u>Silica Gel Blue</u>
<u>Tri Chloro Ethylene</u>	<u>Chromic Chloride</u>	<u>Precipitated Silica</u>	<u>Caustic Soda Flakes GACL</u>
<u>Toluene</u>	<u>Citric Acid Mono</u>	<u>Calcium Chloride Anhydrous Powder</u>	<u>Ammonium Ferrous Sulphate</u>
<u>Ortho Xylene</u>	<u>Cobalt Nitrate</u>	<u>Calcium Carbonate Heavy</u>	<u>Potassium Permanganate</u>
<u>N-Butyl Alcohol</u>	<u>Cobalt Oxide</u>	<u>Barium Chloride</u>	<u>Ferric Acetate</u>
<u>N-Butyl Acetate</u>	<u>Copper Acetate</u>	<u>Ascorbic Acid</u>	<u>Liquid Paraffin (Light)</u>
<u>Mix Xylene</u>	<u>D-Manitol</u>	<u>Antimony Trioxide</u>	<u>Methyl Salicylate</u>
<u>Glycerine</u>	<u>EDTA Plain</u>	<u>Ammonium Sulphate</u>	<u>Cobalt Sulphate</u>
<u>Ethyl Acetate</u>	<u>Hydrogen Peroxide</u>	<u>Ammonium Carbonate Lumps</u>	<u>EDTA DI Sodium Salts</u>
<u>Di Ethyl Ether</u>	<u>Hyflo Super Cell (U.S.A)</u>	<u>Ammonium Carbonate Flakes</u>	<u>Di Ammonium Hydrogen Ortho Phosphate</u>
<u>Cyclohexene</u>	<u>Lead Nitrate</u>	<u>Ammonium Acetate</u>	<u>Sodium Bicarbonate</u>
<u>Benzene</u>	<u>Lithium Hydroxide</u>	<u>Ammonium Bromide</u>	<u>Sodium Benzoate</u>
<u>Phosphoric Acid</u>	<u>Magnesium Chloride</u>	<u>Ammonium Alum</u>	<u>Di Sodium Hydrogen Ortho Phosphate</u>
<u>Acetic Acid Glacial GNFC</u>	<u>Magnesium Sulphate</u>	<u>Soda Ash Tata</u>	<u>Citric Acid Anhydrous</u>
<u>Ammonia Solution</u>	<u>Menthol</u>	<u>Sodium Acetate Anhydrous</u>	<u>Sodium C.M.C</u>
<u>Propylene Glycol</u>	<u>Methyl Acrylate</u>	<u>Sodium Carbonate</u>	<u>Ferric Nitrate</u>
<u>Isopropyl Alcohol (I.P.A)</u>	<u>Nickel Sulphate</u>	<u>Sodium Chromate</u>	<u>Magnesium Stearate</u>
<u>Mono Ethylene Glycol (MEG)</u>	<u>Potassium Fluoride</u>	<u>Sodium Citrate</u>	<u>Cobalt Acetate</u>
<u>Methyl Ethyl Ketone, MEK</u>	<u>Potassium Hydroxide Flakes</u>	<u>Sodium Hydroxide Pellets</u>	<u>Copper Sulphate</u>

## "Our Products"

### Phosphate Salts

- Mono/Di/Tri Sodium Phosphate
- Mono/Di Ammonium Phosphate
- Mono/Di Potassium Phosphate

### Sodium Salts

- Sodium Bicarbonate
- Sodium Carbonate
- Sodium Citrate

## Copper Salts

- Copper Sulphate

## Cobalt Salts

- Cobalt Sulphate
- Cobalt Nitrate

## **Nickel Salts**

- **Nickel Sulphate**

**“We Also Do Contract Manufacturing.”**

## **Factsheet Details:**

- ❖ Year of Establishment : 1988
- ❖ Nature of Business : Supplier, Buyer-Individual
- ❖ Ownership Type : Sole Proprietorship (Individual)
- ❖ Total Number of Employees : Upto 10 People
- ❖ Primary Competitive Advantage : Large Product Line
- ❖ Shipment Mode: By Road
