

ABLP Forged Precision Castors with DF Series Drop Forged Steel Wheels

Muvtons Drop Forged Wheels are hot forged from Alloy Steels and can be used in the roughest of applications on the poorest of floors. These are virtually in-destructible within their capacity range. Tread faces are fully machined for easy maneuverability - these wheels offer high abrasion and oil resistance. Wheel Bearing Options : Sealed precision ball bearings, tapered roller bearings or roller bearings.

Temperature range : -100° C to +600° C.
