RTD, THERMOCOUPLE, TEMPERATURE CONTROLLER

Rayteck India

## RTD

- RTD (Pt100,500,1000,CU50)
- Temperature range -100 to 1000deg.C.
- 2,3,4,6 and 8 wire RTD.
- Sheath Material SS304,310,316 and Teflon Coating.
- Mineral Insulated RTDs. are also available in all size
- Process Connections 1/4",3/8",1/2",3/4",1" BSP.
- Fix and adjustable type fittings are available in all size.
- Straight type and Angle type.
- We also manufacture Customised RTDs.
- RTD comes with Standard Test Certificate.
- Delivery time Ex stock or within 2 days.

Rayteck India

## THERMOCOUPLE

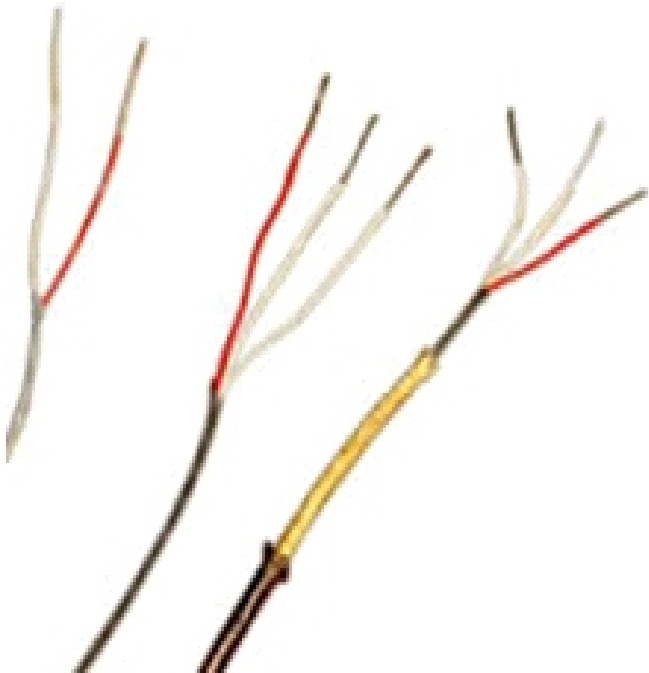

- Types of Thermocouple K,J,T,R and S.
- Simplex or Duplex type thermocouple.
- Temperature range up 1700deg.C.
- Sheath Material SS04,SS310,SS16,HRS and Inconel 600.
- Mineral Insulated Thermocouples are also available in all size.
- Process Connections 1/4",3/8",1/2",3/4",1" BSP.
- Fix and adjustable type fittings are available in all size.
- Straight type and Angle type.
- We also manufacture Customised Thermocouples.
- Thermocouple comes with Standard Test Certificate.
- Delivery time Ex stock or within 2 days.

Rayteck India

## CABLE

- All type of compensating cables are available for RTD and Thermocouple.
- SS brided, Teflon Coated.
- 2 wire, 3 wire, 4 wire and 6 wire.
- Cable comes with Standard Test Certificate.
- Delivery time Ex Stock or within 2 days.

## TEMPERATURE TRANSMITTERS

- RTD and Thermocouple Transmitters
- Temperature Range -100 to 1800deg.C.
- Head Mounted type
- Supply 24VDC
- O/p 4-20mA.
- Delivery time Ex stock or within 3 days.
- Isolated or Non Isolated both versions are available.

**Rayteck India**

## THERMOWELL

- Threaded or Flanged type thermowells are available.
- Material SS304, SS310 and SS316
- Solid Drilled type.
- Welded type.
- Delivery within 2 -3 days.

## We also provide following Products:-

- 1) WIK A make Pressure Transmitters.
- 2) WIK A Make Pressure and Temperature Gauge.
- 3) Temperature Indicators and Controllers.
- 4) Thermocouple and RTD Spares.
- 5) NABL Certified Calibration service.
- 6) ASCO Make Solenoid Valves.
- 7) Portable Temperature Indicators.
- 8) Thermocouple Pyrometer.
- 9) Thermostat.
- 10) Temperature Scanners.
- 11) Thermal Imagers
- 12) Data Loggers
- 13) Temperature Calibrators.
- 14) Chart Recorders.
- 15) Papers less Recorders.
- 16) Thermography Services.
- 17) Repair of Calibrators, Indicators and Controllers.
- 18) Site Visit for Temperature Consultancy.
- 19) Temperature automation system.
- 20) Furnace Monitoring System.
