

Shivam Industries are a renowned firm engaged in manufacturing and supplying a wide array of Power and Distribution Transformers. Additionally, clients can avail from a superior quality range of Power Chokes.

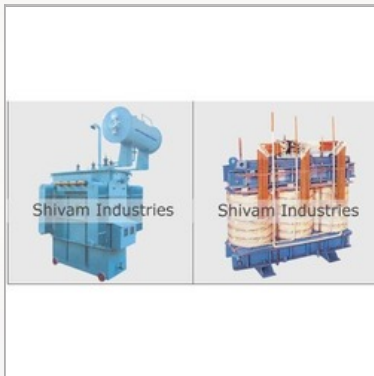

- Profile -

Incepted in the year 2001 but established in 2012, we, “Shivam Industries”, are one of the prominent manufacturers and suppliers of a superior quality range of Power and Distribution Transformers. Moreover, we hold expertise in offering a wide range of Power Chokes to our clients as per their requirements. These products are manufactured as per the set industry standards and norms using advanced production techniques and quality assured raw material. Our offered range is appreciated for its features such as hassle-free performance, durability, resistance to fluctuations and vibration proof nature. Offered in various specifications, these products can also customized as per the requirements of our clients. Apart from this, we undertake various TSP projects and electrical works in electrical and telecom industry on turnkey basis.

Based in Pune, Maharashtra, we have developed a large and well-equipped infrastructure, which helps us in fulfilling the variegated requirements of our clients in an efficient manner. To ensure smooth production process, we have segregated this infrastructure into various departments. These departments are well-equipped with advanced machines and tools that are also upgraded on a regular basis to maintain the excellent production rate. Moreover, apart from the various units of our infrastructure, our warehousing department plays a very important role.
